Dear Chris,

I am delighted to confirm that following the success of Daventry Area Community Transport in securing funding from the Department's Community Transport Minibus Fund, a minibus was delivered to that organisation on 18 April.

This is one of more than 300 local charities and community groups across England which are now receiving new minibuses from this £25 million fund, helping elderly residents, people with learning and physical disabilities and those who do not have access to a commercial bus service.

I hope that the Department's support will enable the much needed transport services necessary to improve access for your constituents.

Yours,

Andrew
