

CHRIS HEATON-HARRIS MP

HOUSE OF COMMONS

LONDON SW1A 0AA

November 2016

*Dear Constituent,*

Thank you for contacting me about future NHS funding.

I believe fully in the NHS and its values, and I would like to assure you that the Government is committed to a tax-funded NHS, free at the point of use, wherever and whenever you need it. As Ministers plan a new relationship with the EU, the Government will continue to ensure that the NHS is given the priority and stability it deserves.

Despite tight public finances, the Government has actively supported the NHS' own plan for the future. That is why it is providing the additional £10 billion of investment per annum in real terms by 2020/21 - compared to 2014/15 - requested to fund a transformation in care. This will allow the NHS to offer 800,000 more operations and treatments and spend up to £2 billion more on new drugs. It will also ensure that by 2020, everyone will be able to access GP services at evenings and weekends.

The Care Quality Commission report from the independent health and social care inspectorate shows that in the majority of the NHS, 72 per cent of adult social care services and 87 per cent of GP practices inspected are good or better - and that improvement is taking place all over the country.

On top of this, to secure the best value for taxpayers, the Government has introduced tough new financial controls to cut down on waste in the NHS, including introducing caps for agency staff and management consultants, and introducing central procurement rules. The Government has also introduced a £1.8 billion Sustainability and Transformation Fund in 2016/17 to support providers to move to a financially sustainable footing.

Once again, thank you again for taking the time to contact me.

Yours faithfully,

**CHRIS HEATON-HARRIS MP**  
**MEMBER OF PARLIAMENT FOR DAVENTRY**
