April 2021

Dear Constituent,

Thank you for contacting me about your wish to enhance the UK-EU Deal.

The Government secured an excellent deal for the United Kingdom which delivers on what the British public voted for in the referendum and in the 2019 General Election. In total, the deal is worth over £660 billion, and I welcome that it takes back control over our money, borders, laws and fisheries with no role for the European Court of Justice.

This is the first free trade agreement based on zero tariffs and zero quotas that the EU has ever agreed, and it provides for continued market access across a broad scope of key service sectors. It delivers on wide-ranging commitments on labour and environment standards.

This deal marks the start of our new relationship with the EU. I know Ministers are committed to close cooperation with the EU on areas of common interest such as climate change and renewable energy.

The Government is also clear that it will continue to work with the EU to establish frameworks for regulatory cooperation in areas not wholly covered by the trade agreement.

I have every confidence that the deal sets a strong foundation for our future relationship. Cooperation will continue as we move forwards and I very much welcome that we have now restored political and economic sovereignty to our country.

Thank you again for taking the time to contact me.

Yours faithfully,

CHRIS HEATON-HARRIS MP
MEMBER OF PARLIAMENT FOR DAVENTRY
